

## Industrial Floor Sweepers

### Featuring:

- ✓ Designed for efficient cleaning of large floor areas, the manual floor sweeper is perfect for industrial, commercial, and outdoor environments, such as streets, communities, parks, squares, factories, and construction sites.
- ✓ Hand-push operation offers a cost-effective, eco-friendly solution for sweeping, eliminating the need for batteries or power sources.
- ✓ Noiseless and clean operation ensures minimal disruption.
- ✓ JL750 featured with adjustable handle ensures a comfortable height for users, reducing strain during prolonged use.
- ✓ JL780H equipped with a handheld spray device designed to effectively suppress dust.
- ✓ JL920 equipped with a roller brush and two side brushes, enabling fast and effective cleaning.

### TECHNICAL PROPERTIES

MODEL	JL750	JL780H	JL920
Working Width	750mm	780mm	920mm
Max. Work Efficiency	2350m <sup>2</sup> /h	3120m <sup>2</sup> /h	3680m <sup>2</sup> /h
Trash Bin Volume	50L	50L	40L
Machine Weight	11.2kg	-	23kg
Water Tank	NA	2.6L	NA
Overall Length	1000mm	1085mm	1250mm
Overall Width	750mm	795mm	920mm
Overall Height	830mm	1045mm	1050mm
Gross Weight	14.8kg	18kg	27kg
Warranty		1 Year	
Suit to Cleaning of	Large garbage	Fine dust and large debris	Small pieces and fine dust
Suitable Environments	Variety of Environments: warehouses, factories, parks, and streets.		

### JL780H SPRAY DEVICE TECHNICAL PROPERTIES

MODEL	LENGTH	SPRAY DISTANCE	SPRAY HEAD DIA.
