

# Manual Pallet Turntable

## 1800kg Rated - Low Profile Pallet Disc Rotator

### FEATURING

- ✓ Heavy-Duty Load Capacity & Stability**  
Built to handle up to 1800kg, providing a secure and reliable platform for palletised goods in demanding industrial environments.
- ✓ Smooth & Controlled Rotation**  
Offers full 360-degree rotation for easy pallet positioning, with a foot-locking mechanism to prevent accidental movement and enhance safety.
- ✓ Ultra-Low Profile for Easy Loading**  
At just 23mm high, it allows seamless pallet loading with a standard hand pallet truck, eliminating the need for forklifts.
- ✓ Ergonomic & Safe Design**  
Minimises manual handling strain, reducing the risk of workplace injuries from lifting, twisting, or bending.
- ✓ Maintenance-Free & Durable**  
Designed for long-term use with a rugged, low-maintenance build, ensuring reliability without frequent servicing.
- ✓ Space-Saving & Productivity Boosting**  
Optimises storage areas by rotating pallets in tight spaces and streamlines wrapping and packing processes, improving efficiency.

### TECHNICAL PROPERTIES

Item Code	MT001
Capacity	1800kg
Top Inside Dia.	1282mm
Top Outside Dia.	1524mm
Height	23mm
Weight	124kg
Warranty	1 year
